Cancer Care Review Training in Primary Care

Coventry and Warwickshire ICB System Cancer Team would like to invite General Practice Nurses who will be undertaking Cancer Care Reviews to attend a 2 day training session.

Learning Objectives:

- An opportunity to enhance your knowledge, skills and confidence around Cancer as a long term condition
- Supporting training to provide Cancer Care Reviews (CCRs) to support people affected by cancer in your practice
- To be a resource to your practice colleagues and act as a catalyst for the practice to provide better support to cancer patients
- To improve your confidence and knowledge to signpost patients with cancer to appropriate resources
